Section 1 – Introduction

This directory provides a list of Medicare Plus Blue PPO network laboratories. To get detailed information about your laboratory coverage, please see your *Evidence of Coverage*.

Under your Medicare Plus Blue PPO coverage, you pay no coinsurance for covered services when you use a Joint Venture Hospital Lab (JVHL) or Quest Diagnostics Lab in our network. Please use this directory to familiarize yourself with the network laboratories in your area. A covered service from an out-of-network laboratory is payable, but it will cost you more money for the service because you are responsible for a 50% coinsurance when you use laboratories that are not in the network.

If you receive care from a non-plan laboratory, the laboratory may bill you for the services you receive. Please mail your itemized bill, along with your name and contract number, to us so we can review it for payment. Mail the information to:

Blue Cross Blue Shield of Michigan —
Imaging and Support Services
P.O. Box 440
Southfield, MI 48037-0440

You're also covered for emergency and urgent care worldwide. See your *Evidence of Coverage* for more information regarding laboratory services or call our Customer Service department at 1-877-241-2583, 7 days a week from 8 a.m. to 8 p.m. TTY users should call 1-800-579-0235.

If you need emergency care, call 911 or go directly to an emergency room. If you are admitted to the hospital for the same condition within three days of your emergency room visit, you do not have to pay the emergency room copay.
